

National Planning and Coordination

Country: Uganda

#	Profile Element	Response
1	Focus crops for assessment	Maize, Rice, Beans, Soya
2	Authorized seed classes in the country	Certified, QDS
3	Name and legal status of the national unit(s) responsible for seed planning and coordination (location)	MAAIF- NSCS
4	Reporting and oversight position of the national planning and coordination unit within the Ministry	Not much on seed
5	Organizational structure of national planning and coordination unit	Department of Agricultural Planning and Development
6	Name, position, tenure, academic qualification and experience and gender summary of national seed planning and coordination staff	Moses Erongu, BSc Agric, 10yr - exp
7	Mandated (and actual) composition of national seed committee(s) by sector representation (i.e. private sector, regulator, other Ministry, etc.)	MAAIF- NSCS, NARO, USTA,
8	Type of data regularly collected, analyzed and stored by the national planning and coordination unit (i.e. seed volume data, agrodealer data, seed demand, seed carryover, etc.)	EGS released/imported, Certified seed produced/imported,
9	Volume (MT) of domestically produced quality seed by class for the focus crops in the past 4 years	108,000MT local production (Maize 76%, Rice 2%, Sorghum 15%, Bean 5%)
10	Volume (MT) of imported certified seed by class for the focus crops in the past 4 years	52,000MT imported (Maize 55%, Rice 40%, Other 5%)
11	Volume (MT) of exported certified seed by class for the focus crops in the past 4 years	South Sudan (\$915.76K, 3,450,170 Kg), Rwanda (\$740.86K, 2,802,310 Kg), Burundi (\$718.32K, 3,936,750 Kg), Central African Republic (\$27.87K, 76,750 Kg), Kenya (\$16.98K, 60,000 Kg)
12	Estimated area (HA and % of total farmland) planted with quality seed each year, by focus crop	110,000Ha (Maize 75%, Rice 2%, Sorghum 15%, Bean 5%)
13	Percentage (and amount) of total national budget allocated to agriculture, per the Malabo Declaration	3.4% of national budget (appx Ugx 1.03 trillion or \$875million)
14	Percentage (and amount) of total national agriculture budget allocated to seed activities	0.0032% (appx 1.3 billion)

15	Name and brief description of seed subsidy program(s) - (cost, government or donor), both current and in the last 5 years, impacting focus crops (start and end dates)	E-voucher system under the ACDP project of MAAIF and the world Bank where farmers pay 33% for agroinputs in designated outlets and 67% in subsequent season
16	Volume of seed distributed under the subsidy program by focus crop	18,510Mt beans, 4,312Mt maize, 32Mt rice, 27.9Mt cassava
17	Overview of private sector participation in seed subsidy programs (seed production entities, distributors)	Mostly as suppliers of inputs but payments tend to delay.
